

# FAKE

**Fake**

**Pretend**

**All a lie,**

**People pleasing, I can't deny.**

**Searching each day deep inside,**

**Pushing and pulling against fake**

**pride.**

**Who am I?**

**Where did I go?**

**How long will it be before I know?**

**I change my face like an ocean's**

**tide**

**An attempt to mask the truth**

**inside**

**But why fake me and who I am,**

**Trying to foil God's master plan?**

**I'm meant to be someone that's**

**great**

**Yet I look to others to decide**

**my fate**

**Being me . . . A decision to make**

**Being me . . . A risk to take**

**To end this life . . .**

**A life of FAKE!**
